

# PANDA LM133LF7L02 13.3" FHD IPS LCD Panel | eDP Industrial Display Module

|                  |                                                               |
|------------------|---------------------------------------------------------------|
| Model            | LM133LF7L02                                                   |
| Category         | <a href="#">Panda</a>                                         |
| Size             | 13.3"                                                         |
| Resolution       | 1920(RGB)×1080, FHD 166PPI                                    |
| Brightness       | 250 cd/m2 (Typ.)                                              |
| Contrast Ratio   | 1000 : 1 (Typ.) (TM)                                          |
| Viewing Angle    | 89/89/89/89 (Typ.)(CR?10)                                     |
| Lamp Type        | WLED , 15K hours , With LED Driver                            |
| Signal Interface | eDP (2 Lanes) , eDP1.2 , HBR1 (2.7G/lane) , 30 pins Connector |
| Panel Type       | Oxide TFT-LCD, LCM                                            |
| Mass             | 2.000Kg                                                       |

Note:

zylcdshop.com recommends that you inquire with the original factory or its agents about the latest production status and technical information about LM133LF7L02. The product parameters displayed on zylcdshop.com are entered by zylcdshop.com engineers according to the specifications, and efforts have been made to minimize errors, but we cannot guarantee the complete correctness of the parameters. Please refer to the specification sheet!
